March 19, 2026

Dear Valued Vendors and Suppliers,

The Texas Facilities Commission's Purchasing Department has transitioned to a new automated web-based electronic bidding and vendor management system on the OpenGov platform.

To continue to receive bid notifications, visit the "Vendor tab" on our agency website and look for our new eProcurement portal located there.

(Direct link: <https://procurement.opengov.com/portal/tfctexas> )

Our new eProcurement Portal will allow prospective vendors and suppliers the ability to:

- "Subscribe" and register to receive notifications of future bid opportunities by creating an account.
- Follow along with updates to existing opportunities by clicking the "Follow" button. This will allow all interested bidders to receive amendments automatically.
- Submit questions and receive answers online regarding open bid opportunities.
- Ensure your bids have been accurately completed by using a guided process to submit bids electronically.
- Have one location for all bid opportunities issued by the Texas Facilities Commission.

**There is no cost for vendors to register in OpenGov. *Please register today.***

OpenGov will send you an email to activate your account. Or you may subscribe by navigating to <https://procurement.opengov.com/portal/tfctexas> and clicking the "Subscribe" button. For more information about how to register, please visit the OpenGov [vendor guides](#).

The Texas Facilities Commission will be using NIGP category codes. Please read this [article](#) on how to set up notification preferences based on specific categories codes related to your business interests.

**Texas Facilities Commission**

*Physical address: 1711 San Jacinto Blvd, Austin, Texas 78701*
